

STANDUP BOT AGENT

Your Team's Daily Pulse — Automated

MANUAL STANDUPS ARE BROKEN

INCONSISTENT & SKIPPED

Updates go unwritten. Momentum dies in silence.

BLOCKERS GO UNSEEN

Critical issues surface days late — after damage is done.

ZERO MANAGER VISIBILITY

Leads chase individuals manually instead of leading.

NO EXECUTIVE SUMMARY

Leadership has no real-time pulse on team health.

STANDUP BOT: FULLY AUTOMATED

Lives inside your team's Telegram group. Members type updates in plain English — the AI does the rest.

AI PARSING

LLaMA 3.1 70B structures raw text into Yesterday, Today, Blockers & Domain tags

BLOCKER DETECTION

Auto-flags stuck team members and surfaces issues in real time

ONE-COMMAND DIGEST

/digest generates a full executive briefing — ready for leadership in seconds

4-STEP INTELLIGENCE PIPELINE

Raw team message → structured intelligence in under 2 seconds

MEMBER UPDATE

Plain English message typed in
